WHAT IS NEEDED.

A popular cartoon shows Uncle Sam flat on his back with a great log of wood lying across his stomach, crushing the life out of him. It is labelled "gold monometalism."

On the other side of a high board fence are four noisy fellows. A Prohibitionist shouts, "avoid him!" a silver Republican yells, "you need protection!" a free trade Democrat screams, "tariff reform!" a People's party man howls, "Populism!" Uncle Sam says: "What I want first is to have you fellows take hold together and lift this load off my stomach."

In one Marion county precinct a dozen leading Bryan and Free Coinage men are made up of three Democrats, three Republicans, three Populists, three Prohibitionists. The people are getting together. The high fence of party prejudice has kept the people long enough from lifting the load that is crushing people and government.

Fred Flood of Roseburg, who was one of the chief spokesmen of the gold standard crowd in the Democratic state convention last April, has announced his intention of taking the stump for Bryan and Sewall.—Times.

Ex-Speaker Keady is quoted in Baker City as saying that Oregon will give Bryan 20,000 majority. Mr. Keady has always been a staunch Republican, but now is out for Bryan.

Geer and his friends are reminded that even the Statesman less than two years ago admitted that demonetization in 1873 was perpetrated by fraud.

Condensed Testimony.

Chas. B. Hood, Broker and Manufacturer's Agent, Columbus, Ohio, certifies that Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, Prop. of St. James Hotel, Ft. Wayne, Ind., testifies that he was cured of a cough of two years standing, caused by La Grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mr. Henning, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of Croup, because it instantly relieves. Free Trial Bottles at Fred A. Legg's Drug Store.

Oregon Crop Report

Condition of crops for week ending August 24, 1896.

Crops—Harvesting of fall-sown wheat is about over and threshing is in progress. The yields reported are slightly more than expected but yet not up to the average, as our correspondents report. "This is the poorest wheat harvest in 44 years." The hot, dry period in July caused the grain to shrink. There are yields from twenty to 35 bushels an acre reported. Some spring grain has been cut, but general spring-grain harvesting will not begin until this week. Oats harvest will begin this week, and the general opinion of the correspondents is that the yield will be better than was expected. Some farmers have commenced to work their summer fallow. Hops are growing finely. Those yards which have been given proper attention are generally better than usual. There is not so much complaint about the hop louse as yet.

Corn is doing unusually well, and will make a better crop than usual. There is never a very large corn production in Oregon, seldom more than enough for home consumption. The warm weather has been very beneficial to corn.

Pasture continues very good. The rain the fore part of August revived it, and the result is that it is better than usual. The pasturage in the coast counties is reported to be very fine. Stock is everywhere reported to be in good condition. Vegetables continue to make good growth. Potatoes will be about an average crop; the rain of August saved all the late-planted potatoes. Garden stuff of all kinds is very plentiful.

The late peaches are ripening and being shipped to market. There will be the greatest shortage in peaches and all kinds of fruit on record. For the first time in the history of the country there is a failure in the fruit crop. It must not be understood that there is no fruit, but rather that the shipment will not be so large. There is, on the whole, more than enough for all local demands.

The weather conditions today indicate that cooler weather will prevail this week, but no rain is expected to occur. It frequently occurs that there is rain the fore part of September, so that rain from the 1st to the 12th of September may occur.

WILL ORGANIZE.—On Thursday, October 14th—the second day of the state fair—a meeting of the alumni of the Academy of the Sacred Heart, of this city, will be held, the purpose being to organize an alumni association. It will take place at the academy between the hours of 4 and 8 p. m. and will close with a delicious luncheon served by the sisters of that institution.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

GLANCE AT THIS MAP.

Of the Chicago, Milwaukee & St. Paul Railway and note its connection with all transcontinental lines at St. Paul and Omaha, and remember when going east that its trains are lighted with electricity and heated by steam. Its equipment is superb. Elegant Buffet, library, smoking and sleeping cars, with free reclining chairs. Each sleeping car berth has an electric reading lamp, and its dining cars are the best in the world. Other lines are longer than this, but none are shorter, and no other offers the above luxurious accommodations. These are sufficient reasons for the popularity of "The Milwaukee."
